APRIL
2011

**MONEY
ROCK\$
AT MY
CREDIT
UNION**

**NATIONAL
CREDIT UNION
YOUTH WEEK™
April 17-23
2011**

If you want to be a saving rock star, you have to get in the saving groove! As a member of United Financial Credit Union, you have already taken the first step. We are happy that you are establishing some good financial habits, and we are excited about celebrating Youth Week with all of our younger members.

Free refreshments and Free Coin Counting* will be available all week. We hope you will ask your mom or dad if you can stop by and join us for Youth Week!

*Must deposit coin into youth or teen account.

National Youth Saving Challenge

How can you turn a small deposit into \$100? Just come into the Credit Union and join the annual National Youth Saving Challenge. Any young member under 18 who makes a deposit will be entered into a drawing.

This year's Saving Challenge runs for the entire month of April so you can come in and make a deposit at any time during the month for a chance to win. We look forward to seeing you!

WATCH YOUR SAVINGS GROW AND GROW AND GROW!

Don't you love the pretty flowers that begin to blossom in the spring? Wouldn't it be fun to watch your savings bloom just like those flowers? You can! Just put your money into a Youth CD here at United Financial and watch as the interest you earn makes your savings grow bigger every month.

What is interest?

When you give the Credit Union money, it's called a deposit. It is our job to keep your money safe, and more importantly, we will pay you for every dollar you keep in your Savings Account or Youth CD. The money we pay you is called interest!

So come "plant" your savings here at your credit union and watch as it grows bigger and bigger!

FUN FACTS ABOUT CREDIT UNIONS

- People who save their money at a credit union are called members of the credit union, not customers.
- Credit unions are owned by the members. So as a member of United Financial, you are also an owner of the credit union!
- When credit unions make money, they give it back to the members in all kinds of different ways (like better interest rates and lower fees).
- Credit unions exist to serve the members and make them happy. Without our members, we wouldn't be here!

NCUA Your savings federally insured to at least \$250,000 and backed by the full faith and credit of the United States Government

National Credit Union Administration, a U.S. Government Agency
